Hello Trilogy Wine Club members,

Just a reminder from the board members. The Trilogy Wine Club will not have any activities in the month of July or August. We are taking a short break and getting things prepared for the Fall. We will be working on a new payment plan for purchasing wine from the wine tastings.

We have had a very productive and successful year so far and we are really looking forward to getting back at it in September. We will be having our high-end wine dinner and wine tasting in October. Of course we will continue the home socials, and we thank all the members for opening their homes. Also the dine outs will continue at many of our favorite local restaurants.

We want to give a special thanks to Cyndi Haines and Debbie Edwards for their hard work on the Kiva Club wine tastings and the home socials. They work very hard and we really appreciate all the extra time they give to the wine club. Also Don Feltri, thank you so much for spending your time organizing the dine out parties for the wine club, your work is so much appreciated.

Also a special shout out to Mark Whisler and Fred Crawford for keeping all the members and the money organized so we can continue to have all the fun we have.

And most of all the members, you are the ones that make this club so great!
See you all in September!
